Schedule Update\_Gasco EECA Data Report\_May 11 2011.pdf

Sean -

Per your request during our April 8, 2011 meeting, attached please find a short letter that provides a schedule update for triggering submittal of the Draft Engineering Evaluation/Cost Analysis (EE/CA) and Data Report for the Gasco Sediments Site. Based on our current estimates for receipt of the results for the data gaps re-sampling performed in April 2011, the 90-day document development timeline for the Draft EE/CA and Data Report is anticipated to initiate in either June 2011 or August 2011 (if contingency stations are triggered for analysis). Please let me know if you have any questions. Thanks.

Ryan Barth, P.E.
